Dear Reviewer,

We are in the process of making arrangements with Dawei Zheng with a view to publish the proceedings of the ICCEER 2014 conference. You are listed as one of the reviewers. In order to get a clear idea of the review process with a view to ensure good-quality reviewing and publishing I would like to ask you to confirm that you have played an active role in the review process of this conference. For us it is essential to have the guarantee that scientists such as yourself are involved to oversee the quality of papers published. Also, please let me know if you attended ICCEER 2014 (Beijing, China, 7-8 November 2014) personally. Your confirmation and explanation of your exact role would be highly appreciated.

Kind regards

Alistair Bright
