Dear Dr. Yaghoubi,

We are pleased to inform you that the chapters from the book you edited have been downloaded 500 times to date.

BOOK TITLE: Highway Engineering

We congratulate you on this achievement.

Such readership results demonstrate some very important factors about the reach and usage of the book you edited.

- Visibility - more than 500 researchers worldwide read, downloaded and interacted with the published content.
- Impact - this achievement demonstrates the influence the research has had within the scientific community.
- Connectivity - researchers from all over the world have been able to connect with the research published to obtain relevant information to further develop their own research projects.

Attached you will find your Book Performance Metrics Report. For a more detailed report, visit your Author Panel: <http://www.intechopen.com/account/login>.

We thank you for choosing InTechOpen as your Open Access publisher, and congratulate you once again on your success.
